NAVFAC SYSCOM

- **Established in 1842 as Bureau of Yards & Docks**
- **DoD Construction Agent**
- **DoN's Shore Facilities/Acquisition SYSCOM**
 - Plan, build, maintain sustainable facilities
 - Program Executive Office Industrial Infrastructure (PEO II) for Shipyard Infrastructure Optimization Plan (SIOP), \$21B over 20 year
- **Technical Authority over Navy facilities with respect to:**
 - Design
 - Construction
 - Public Works
 - Environmental Compliance
 - Real Estate
 - Weight Handling Equipment
 - Ocean Equipment
- **NAVFAC SE – one of nine Facilities Engineering Commands within the NAVFAC SYSCOM**

Our Navy Guardrails

Foundry – Fleet – Fight

“We will do everything we do through an operational lens focused on the Foundry, the Fleet, and the way we Fight.”

- Admiral Caudle, CNO

NAVFAC SYSCOM

“We will keep the main thing, the main thing. Construction, Engineering, and Contracting. And each one of us must be laser-focused on ensuring our Nation’s combat readiness and lethality.”

- Rear Admiral Kilian, NAVFAC Chief

What's Shaping Us Right Now?

- **Shore C2 – Navy initiative to improve clear lines of Command and Control (C2) - resulting from outcomes associated with the "Red Hill fuel leak" and the fire on the USS Bonhomme Richard (LHD-6)**
- **Executive Orders and Department of War directives driving civilian personnel downsizing and restricting our hiring/backfills even when authorized**
- **Additional (newer) priorities that include: (1) Emphasis on Quality of Life (QOL) investment, (2) Golden Dome, (3) Operation SOUTHERN SPEAR, (4) Southern Border, and (5) Operation EPIC FURY**
- **While funding is going up, funds are being directed to the established priorities, most of which are not ASHORE Infrastructure related**
- **Navy continues to look a ways to reorganize ASHORE to cope with the constraints given**

CNIC/NAVFAC Shore C2 Transformation

- Reorganization of Shore Requirements, Environmental, and the delivery of Operations & Maintenance Public Works functions is being realigned across the Navy - from NAVFAC to CNIC
- Why? To improve accountability. Navy wants the Installation Commanders to be accountable for ashore infrastructure outcomes
- Timeline – 2 stages. First is in January of 2026 and the 2nd stage TBD, but it will be sooner than later in the 2026 CY – Stage 1 has been completed
- At the same time this is happening, DOD/DON is undergoing downsizing as well. Unrelated to this migration, both residual sides will be smaller than today
- Workload is projected to continue to increase through these conditions
- We'll need increased industry partnerships and tools moving forward
- For example: CAT III/IV projects (development of scope for projects that do not require engineering support), Construction ET project oversight, Fire Protection Engineering support, Cost and Scheduling support, smaller CAT II type A&E support (<\$10M range), establishment of local JOC contracts – just to name a few

NAVFAC SYSCOM Strategic Guidance

Line of Effort 1: Sharpen NAVFAC's focus on **C**onstruction, **E**ngineering, and **C**ontracting

Line of Effort 2: Drive NAVFAC toward a lean, accountable and integrated organization

Line of Effort 3: Recruit, develop and retain a NAVFAC workforce that drives readiness and deterrence

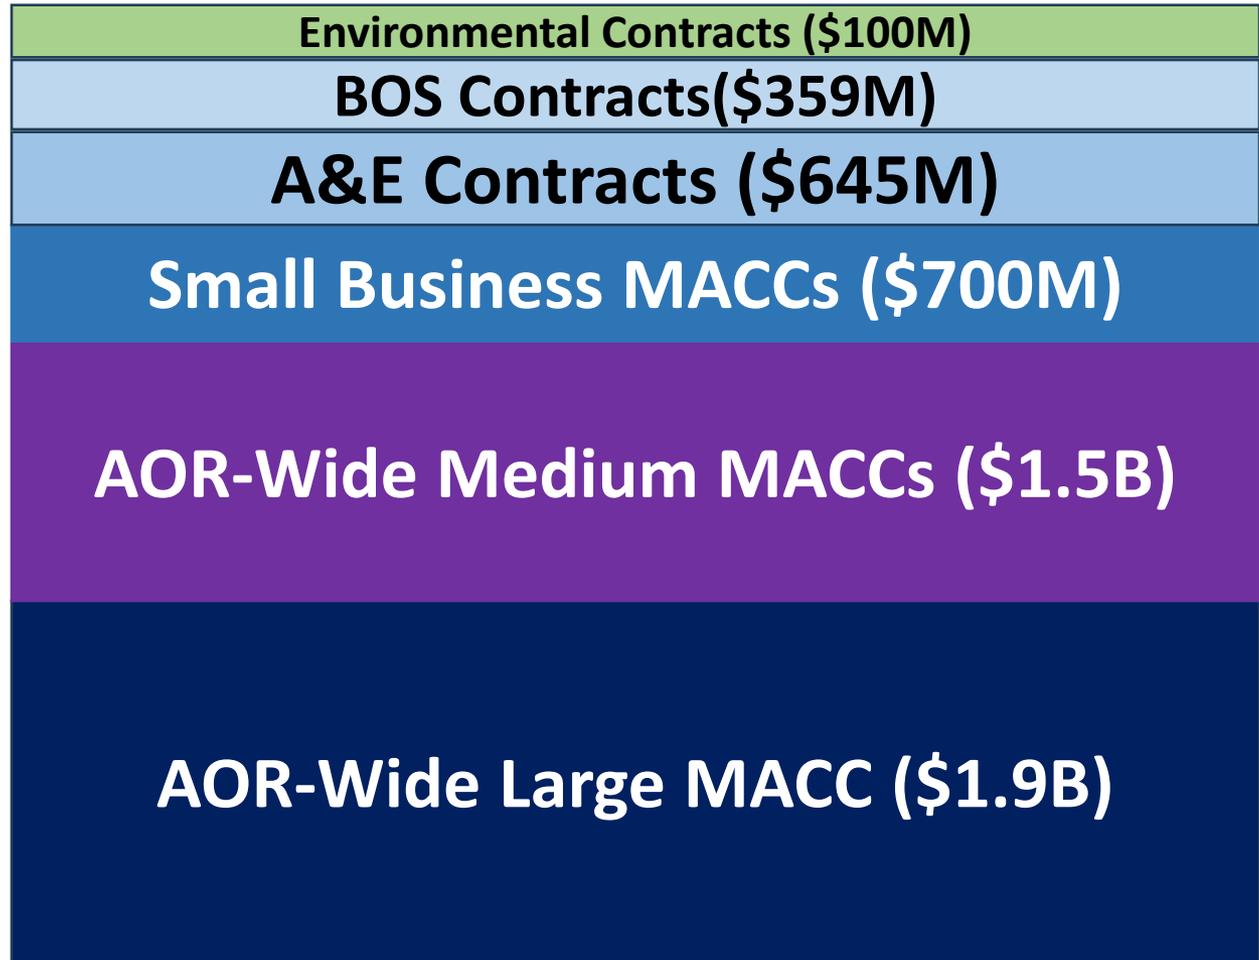

Note: more detail provided in the back-up slides, to what actions are planned as result of these three LOEs

NAVFAC SE Big “A” Toolbox

TOTAL TOOLBOX CAPACITY ~ \$5.3B

New Stuff

- JOCs to be added to the toolbox in FY26-FY27
- CAT III/IV AOR-Wide Contract or MACC in FY26
- Potential for EV Work Development contract in FY26

NAVFAC SE Workload FY26-27

- **Construction and Sustainment, Restoration, and Modernization (SRM) Projects**
 - **139 Planned Projects >\$1M between now and FY27Q1 totaling \$5B (MILCON & FSRM)(WIP & DIP)**
 - 2>\$200-\$400M, 2>\$100-\$200M, 8>\$50-\$99M, 22>\$10M-\$49M, 105>\$1-\$9M
 - 7 Stand-alone projects – the rest of planned projects will utilize existing tools
 - **500+ projects < \$1M, and another ~ \$250M (FSRM)**
- **Base Operations Support Contracts (BOSC or FSC) - \$359M/year**
- **Environment Contracts - \$108M**
- **Average Unplanned Work in SE ~ \$500M/year**

**We have over \$5B in workload to accomplish or plan in FY26
We cannot do it without you!**

List of our Current MACC Partners

2026	Medium MACC	DB/DBB	NTE \$1.5B	2031	Planned award FY26
2026	Jacksonville/Mayport MACC	DB/DBB	NTE \$249M	2031	Current MACC near Capacity

Projected FY26 Environmental Contract Awards

Contract Type	Contract Description	Location of Work	Approx. Annual Historical Value	Business Type (Projected)	RFP Issued or Projected Date	Projected Award
OSV	26L - BASIC ETS- SMALL ARMS RANGE AND WASTE MGT	NAVFACSE AOR	\$4.5M	8(a)	30 Nov 2025	30 March 2026
OSV	26L-BASIC ETS INSPECT & REPAIR TANKS	NAVFACSE AOR	\$4.5M	8(a)	30 Nov 2025	31 January 2026

Projected FY26 BOS Contract Awards

Contract Type	Contract Description	Location of Work	Approx. Annual Historical Value*	Business Type (projected)	Projected RFP	Projected Award Date
MNT	NSA Orlando Multi-Function Support Services	NSA Orlando, FL	\$1.2M	SB	FY25, Q4	FY26, Q1
BOS	Mayport BOS	NS Mayport	\$31M	Unrestricted	FY25, Q4	FY26, Q4
BOS	Jacksonville BOS	NAS Jacksonville	\$34M	SB	FY26, Q1	FY26, Q4
MNT	Local Guards Services	NAS Jacksonville NS Mayport, FL	\$1.5M	SDVOSB	FY26, Q1	FY26, Q2
MNT	NAS Corpus Christi Multi-Function Support Services	NAS Corpus Christi, TX	\$1.7M	8(a)	FY26, Q1	FY26, Q2
MNT	NAS Meridian Grounds and Landscaping Services	Meridian, MS	\$1.3M	8(a)	FY26, Q2	FY26, Q4

*Annual Historical Value is provided for informational purposes. No assurances are made that workload and volume of future effort and costs will replicate past experience.

MNT – Maintenance
BOS – Base Operation Support

NAVFAC SE ROICC Charleston Work

JB Charleston and Shaw AFB

SE Critical Warfighter Mission/Mission Support UNDERSEA ENTERPRISE

NSB Kings Bay Dry Dock Recapitalization Program

Building a mission capable future for the Warfighter

Atlas, Rendering of Ohio-class Columbia Class Submarine

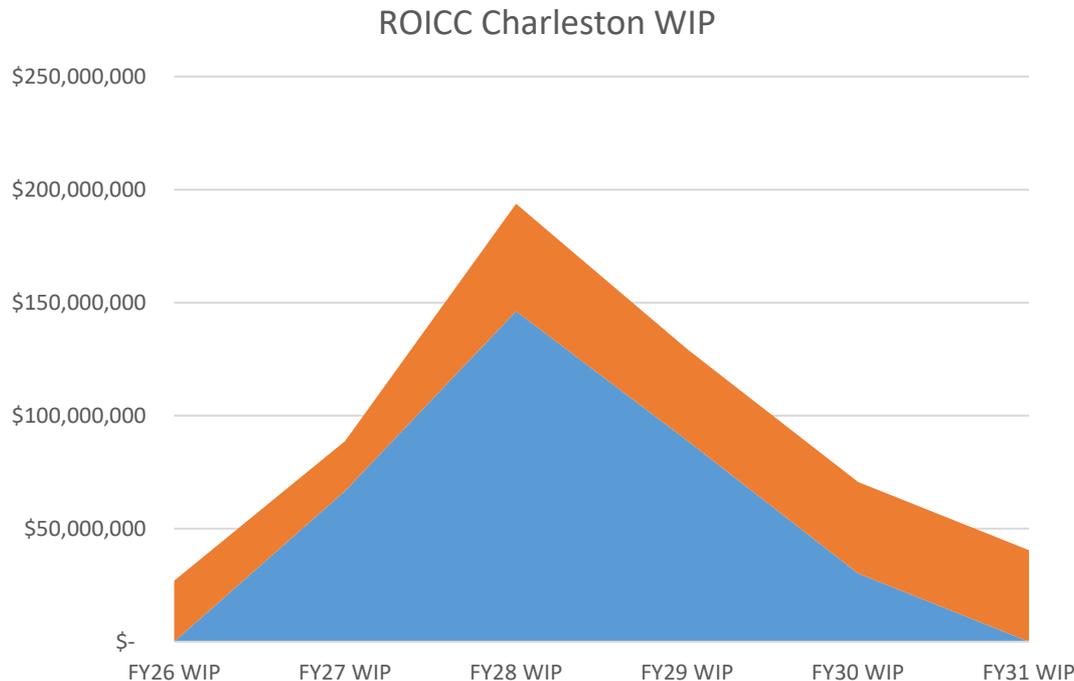

- Support to Nuclear Triad:
 - Naval Sub Base Kings Bay
 - Cape Canaveral – NOTU
 - Joint Base Charleston - NPTU

1/3rd of Navy's Undersea Deterrent Force

Resident In Charge of Construction (ROICC) Charleston

- Contracting office of **12 personnel** provide construction oversight and contracting support to **JB Charleston and Shaw AFB, SC.**
- **ROICC Charleston to grow by ~75% to support P-200**

FY26 – FY27 ROICC Charleston

- **8 planned projects, range of total cost is \$350-533M**
 - 1 projects – 8(a)
 - 3 projects – MACC General – DB
 - 2 projects – MACC General – DBB
 - 2 project – Stand Alone Const. Contract – DBB

ROICC Charleston Projected Workload

Proj #	Project Title	Location	Potential Award Value	Design Level	Design Agent	Acquisition Tool	Proposed Award
200	NUCLEAR POWER TRAINING FAC SIMULATION EXPANSION	CHARLESTON SC	\$250M to \$500M	Design Bid Build	AE	Stand Alone Construction Contract	FY26 Q4
-	Repurpose Magazines and Provide PMEB, TFS, and Road	CHARLESTON SC	\$2M to \$5M	Design Build	IH	MACC	FY26 Q4
-	NPTU Blast Door Hardware and TSB1 Blast Dampers	CHARLESTON SC	\$2M to \$5M	Design Bid Build	AE	MACC	FY26 Q4
-	NIWC Building 3412 Renovations	CHARLESTON SC	\$10M to \$25M	Design Bid Build	AE	MACC	FY26 Q4
-	3112 Roof Repairs	CHARLESTON SC	\$2M to \$5M	Design Build	IH	8(a)	FY27 Q4
-	Indoor SAUSR Range	CHARLESTON SC	\$5M to \$10M	Design Build	AE	MACC	FY27 Q4
-	Waste Water Treatment Plant at Shaw AFB	Shaw AFB, SC	\$25M to \$75M	Design Build	AE	MACC	FY27 Q4
404	VEHICLE MAINTENANCE SHOP	CHARLESTON SC	\$75M to \$150M	Design Bid Build	IH	Stand Alone Construction Contract	FY28 Q4

P200 - Project Overview

Future
Trainer

Project Information

- Program Year: FY26 (split funded 26/27/28)
- ACQ Strategy: DBB (A/E) Stand Alone w/Incentive Fee
- Construction KTR: TBD
- Schedule
 - Construction Award Q4 - FY26
 - Commissioning Completion: DEC29
 - Final Acceptance: MAR30

Issues

- Tree Clearing on project site shall be done ahead of construction contract.
 - Needed to avoid Tri-colored and Long eared bats season

Requirement

- Construct the Interactive Training Equipment facilities at Nuclear Power Training Unit (NPTU) Charleston to replace two Moored Training Ships (MTSs) and associated MTS specific trainers at the end of their life-cycle. The new facilities will allow NPTU Charleston to meet nuclear fleet manning requirements.
- RBOD is OCT2030
- MND is JUL2035

ROICC Charleston Contracting Methods

- **Sole Source 8A under \$4.5M****
- **MACC Contracts or contracts greater than \$4.5M to be awarded by FEC in Jacksonville**

NAVFAC SE Industry Outreach

NAVFAC SE CY26 Industry Engagement Outlook

- **SAME Charleston Industry Day, 19 MAR 26, Charleston, SC**
- **SAME Emerald Coast, TBD MAR 26, Okaloosa Island, FL**
- **SAME Pensacola, TBD MAR 26, Pensacola, FL**
- **SAME San Antonio, TBD APR 26, San Antonio, TX**
- **Southeast Regional Federal Construction, Infrastructure & Environment Summit, 14-16 APR 26, Wilmington, NC**
- **2026 SAME National JETC, 19-21 MAY 26, Portland, OR**
- **SAME Savannah, TBD JUN 26**

Industry Engagement – Our Hot Topics

- **More Design Build vice Design-Bid Build**
- **More and more SCIF/SAP-F**
- **Economic Price Adjustment (EPA) clause**
 - What materials
 - What indexes
 - MILCON vs O&M funding challenges
- **Early Contractor Involvement (ECI)**
 - Selective use
 - Limitation of Government vs Private Sector
- **BOS Contracts – revisiting flat file transfers**
- **CIO Highlights**
 - Cybersecurity Maturity Model Certification (CMMC)
 - RMF/NIST Control Requirements for Contracts
 - Defining Cybersecurity Contract Language

How to find Opportunities with NAVFAC SE

- Business opportunities for pre-solicitation notices, solicitations (RFPs), and our awards are all posted at <https://sam.gov>
- Using the NAVFAC SE Unit Identification Code “N69450” in the keyword will filter Southeast solicitations.
- Visit the NAVFAC Southeast Workload Projection website: <https://atlantic.navfac.navy.mil/NAVFAC-Worldwide/NAVFAC-Southeast/Contract-Opportunities/> or view the document under the Industry icon on the NAVFAC Southeast Mobile App!

Visit us online.

Download our App.

How to Engage Us

- **Entry through our Small Business office**
 - **Capabilities Brief Priorities**
 - Small Business Categories with new technology / processes
 - Small Business Categories with no current work in our AOR
 - Medium-Large Companies with new technology / processes
 - Medium-Large Companies with no current work in our AOR
 - **Limitations**
 - No capabilities or office call appointments taken for companies with current work
 - MACC and Multi-function BOS contract partners can gain access once per year with CO or OPSO office call, outside of 3-Tiered governance
- **No capability briefs will be initially taken by CO, XO, or BD**

Closing

- Unprecedented workload continues to be the norm
- More reliance on Contractors
- Still very committed to achieving assigned SB goals
- Value you Speed, Cost, and expect better Quality
- We will be hyper-focused on improving the Contract partners that are doing our work moving forward
- We want to create an environment of "Getting to Yes" - we have some internal issues we know we need to work

NAVFAC SE Acquisition Strategy Projects Decision Lens Layers

Which NAVFAC Team will be assigned the Work? (Core, ASG, Field Office)

Design-Build or Design-Bid Build?

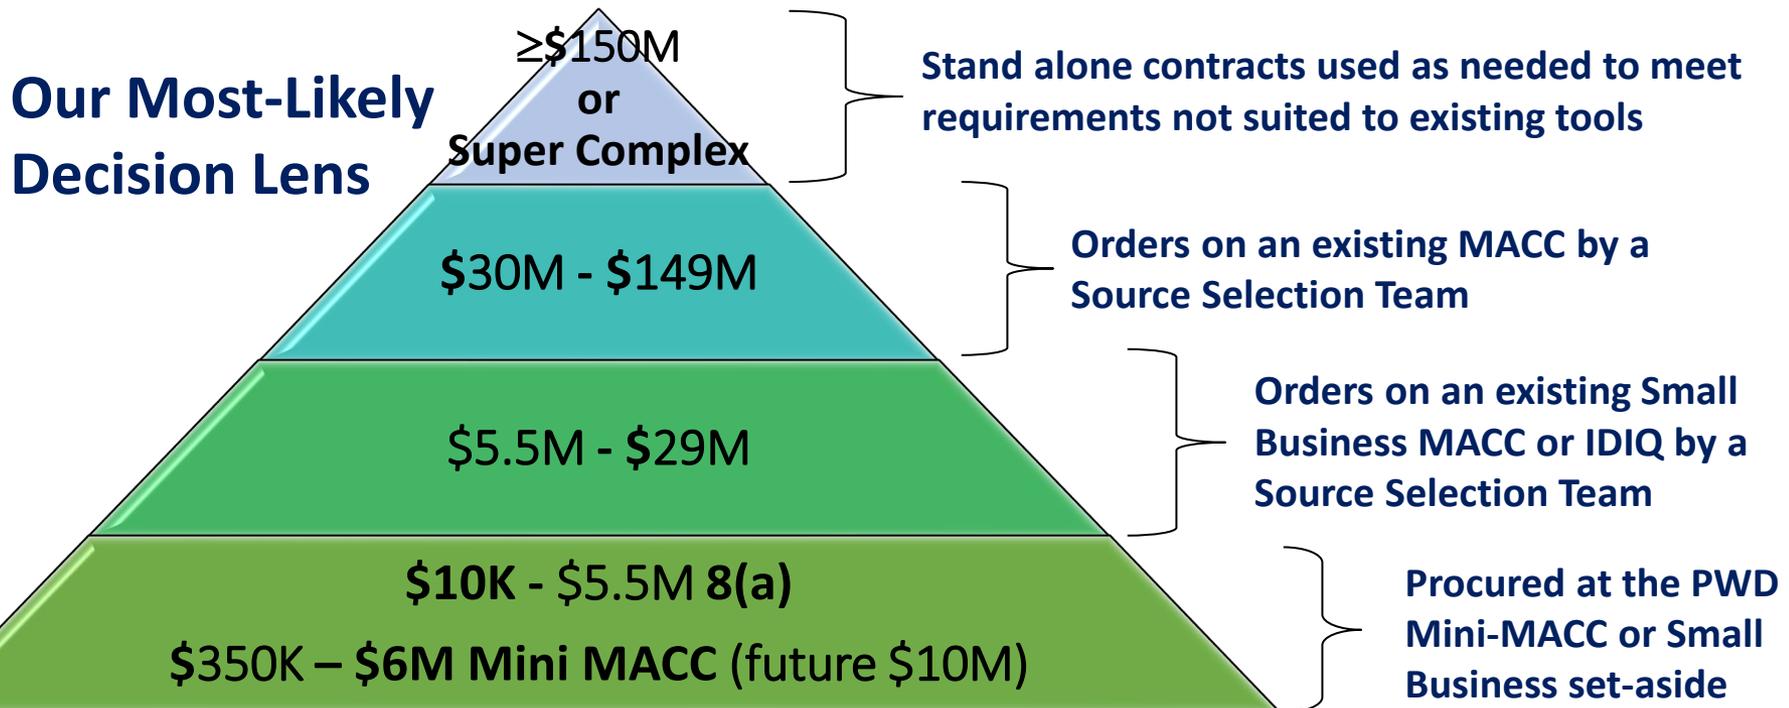

What is the Design/Scope of Work Strategy? (i.e. – In-House or A&E)

What is the Acquisition Strategy, and specific tool / or approach?

Do we need specialty acquisition methods, like ECI and award fee?

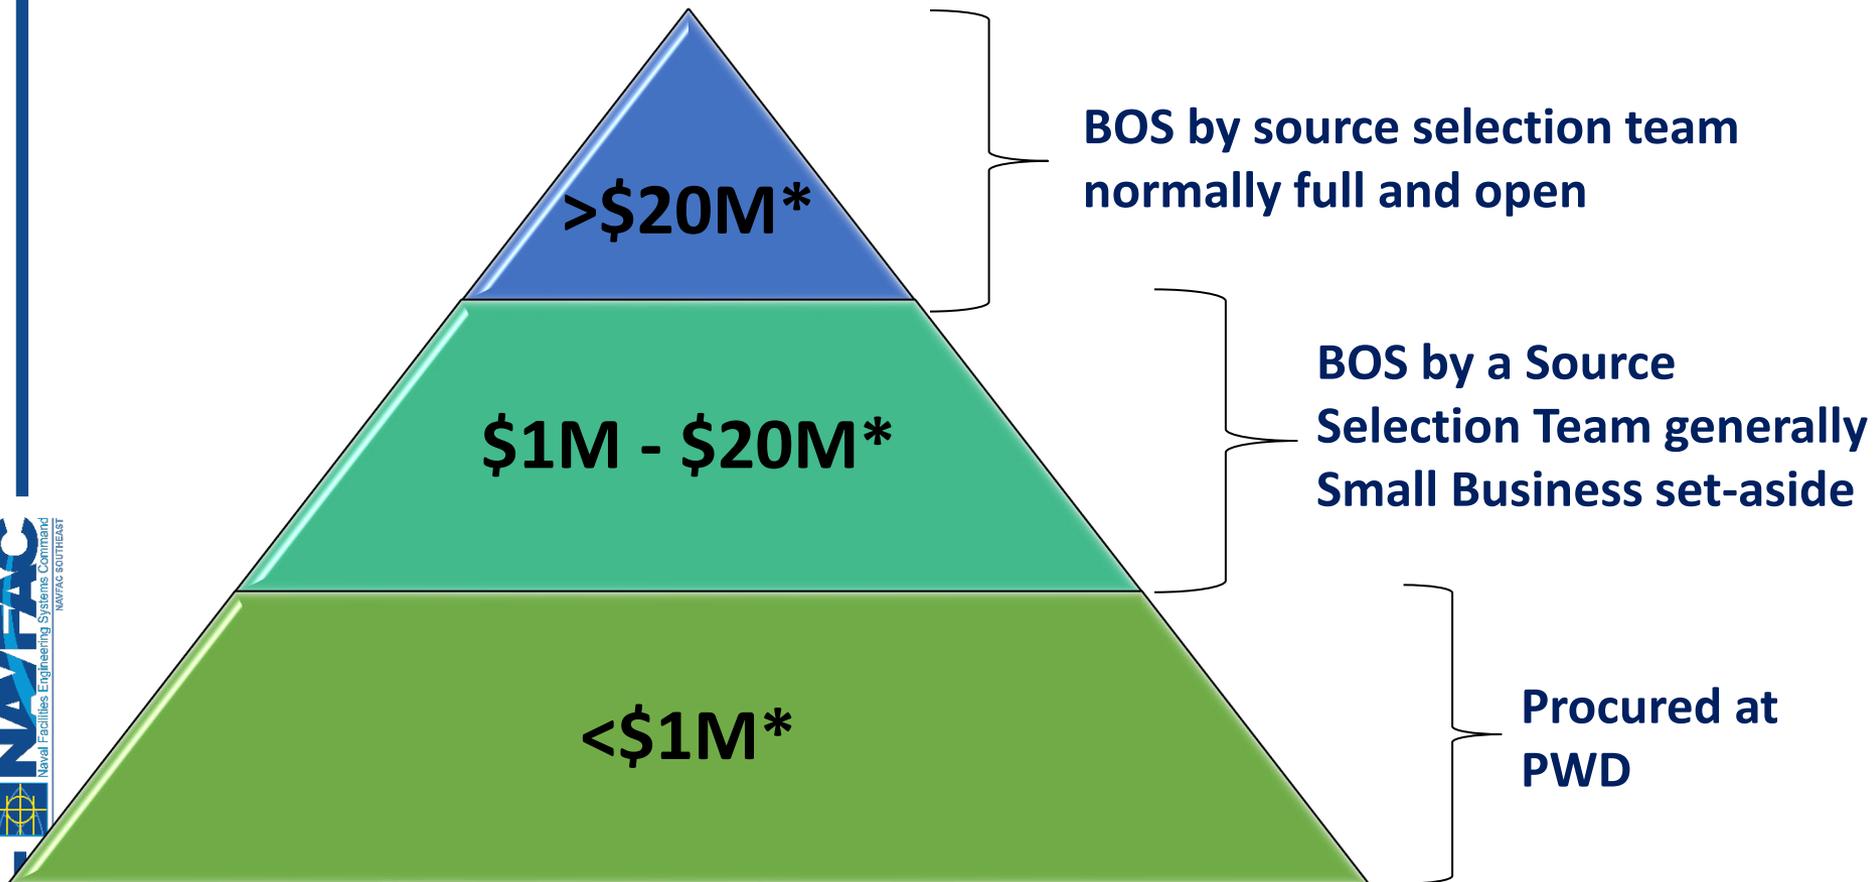

NAVFAC SE Acquisition Strategy - Construction

- **Multiple Award Construction Contract (MACC) task order is generally preferred method**
 - Prequalified contractors and provides us more speed than stand alone
 - Competitive award - orders competed among MACC awardees
- **Stand-alone contracts used when determined appropriate, based on a variety of factors**

NAVFAC SE Acquisition Strategy - Facilities Services

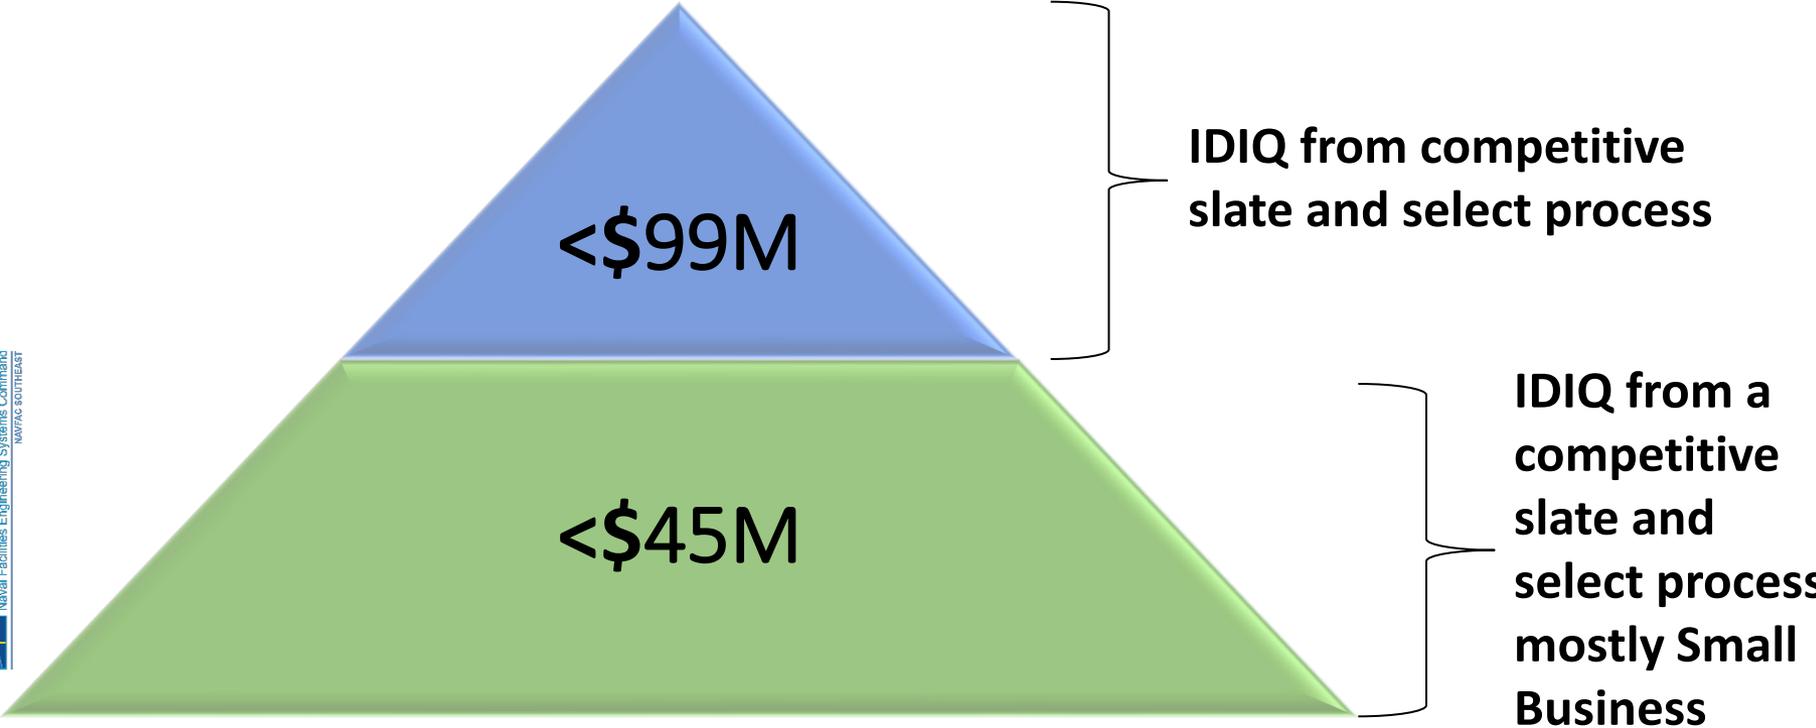

- Strategy heavily influenced by market research results - small businesses meets the majority of requirements

* - Denotes annual contract amount, not full contract award

NAVFAC SE Acquisition Strategy A-E/EV

- **AE/EV-IDIQ task order standard means of execution**
 - Most highly-qualified contractor, determined competitively by slate and select
 - Faster and more efficient than full and open competition
 - Competitive award, non-competitive orders

<\$99M

IDIQ from competitive
slate and select process

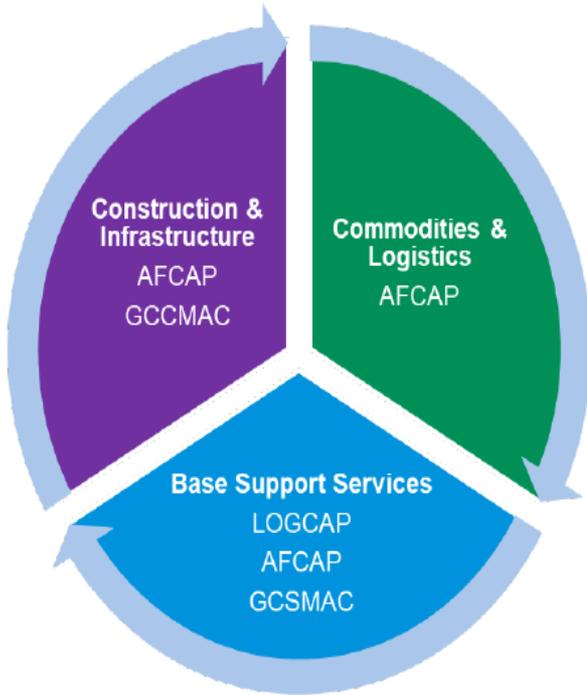

<\$45M

IDIQ from a
competitive
slate and
select process
mostly Small
Business

Unplanned & Or Larger than we can handle

Comparison of the DoD CAP/MACs

(Slide from JETC 2023)

- LOGCAP may only perform construction and purchase commodities that are incidental to Base Support Services; Contracts can be FFP, CPFF
 - Task Order are typically Cost Plus Fixed Fee
- AFCAP has the ability to award stand alone task orders for Construction and Commodities (not incidental to BOS); Contracts can be FFP, CPFF, CPAF, CPIF
 - Task Orders are typically Firm-Fixed Price with some Cost Plus Fixed Fee
- GCSMAC focus is on short term / transitional BOS work; Contracts can be cost plus and Fixed Price Variations
 - NAVFAC Pacific tends toward CPAF task orders
- GCCMAC usually supports storm/disaster recovery at Navy and Marine Corp bases or urgently needed MILCON projects ; task orders can be FFP or CPAF
 - NAVFAC Atlantic tends toward FFP task orders

NAVFAC SYSCOM

Global Contingency Contracts

Global Contingency Services Multiple Award Contract (GCSMAC II)

- **Indefinite-delivery / Indefinite-Quantity**

- **Awarded:** 04 Apr 2024
- **Duration:** Base year + 7 one-year options
 - Contract will expire on 03 Oct 2032
- **Capability:** Cost Plus Award Fee and Firm Fixed Price Task Orders
- **Award amount:** \$2B

- **The current contractors holding contractors of the GCS MACC are:**

- KBR Services, LLC (Houston, TX)
- Amentum – ASO, JV (Chantilly, VA)
- Vectrus Systems Corporation (VSC) (Colorado Springs, CO)
- IAP-ECC, LLC(IAP) (Cape Canaveral, FL)
- Flour Intercontinental, Inc. (Greenville, SC)
- AECOM Technical Services, Inc. (Los Angeles, CA)

- **Criteria for use:**

- Emergency/Contingencies
- Work is predominately facilities, engineering related
- Other Requirements (e.g. non-performance by incumbent contractor or unanticipated lapse in service)

- **Capabilities**

- **Installation Management Accounting Project (IMAP) Model:**

- Air Operations
- Port Operations
- Range Operations
- Moral, Welfare, & Recreation Support
- Base Support Vehicles & Equipment
- Housing
- Environmental Services
- Public Safety
- Ordnance Handling
- Galley
- Utilities Operations Support
- Facility Support
- Health Care Support
- Personnel Support
- Force Protection
- IT Support and Management
- Fleet and Family Readiness

Global Cont. Construction Multiple Award Contract (GCC/MAC)

- **Indefinite-delivery / Indefinite-Quantity**

- **Awarded:** 19 Sep 2024
- **Duration:** Base year + 7 1-y options
 - Contract will expire on 18 Sep 2032
- **Capability:** Cost Plus Award Fee and Firm Fixed Price Task Orders
- **Award amount:** \$5B

- **The current contractors holding contracts on the GCC-MAC are:**

- Jacobs Project Management (Dallas, TX)
- Perini Management Services, Inc. (Framingham, MA)
- Aptim Federal Services, LLC (Baton Rouge, LA)
- CDMA JV (Fairfax, VA)
- Gilbane Federal (Concord, CA)
- Environmental Chemical Corporation (Burlingame, CA)

- **Criteria for use:**

- Emergency/Contingencies
- Work is predominately construction and related engineering services
- Other Requirements (e.g. mobilization services (embarkation) for personnel, equipment and material of Naval Construction Forces or similar mobilization efforts.
- May be tasked to participate in military exercise

- **Capabilities**

- **Horizontal /Vertical Construction**

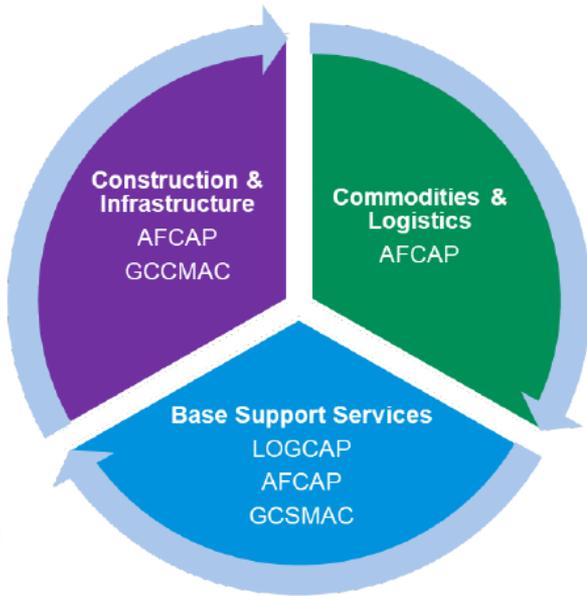

- Airfield runway construction and/or repair
- Communications facilities
- Facilities for troop berthing and billeting
- Airfield facilities construction
- Administrative and educational facilities
- Hardened facilities and personnel bunkers
- Enemy containment and processing facilities
- Garbage disposal/recycling facilities
- Transportation depots for materials
- Warehouse facilities for construction materials
- Ammunition storage facilities
- Rail facilities/Bridges/Causeways
- Road construction
- Firefighting facilities
- Petroleum handling pier facilities
- Fencing

- **Specialty Construction & Engineering**

- Dredging
- Electric power plant/Power distribution systems
- Water treatment plant/Sewage treatment plant
- Water well drilling
- Facilities for dispatching decontamination equipment
- Chemical, Bacterial, and Radiological decontamination
- Environment restoration

Comparison of the DoD CAP/MACs (Slide from JETC 2023)

- LOGCAP may only perform construction and purchase commodities that are incidental to Base Support Services; Contracts can be FFP, CPFF
 - Task Order are typically Cost Plus Fixed Fee
- AFCAP has the ability to award stand alone task orders for Construction and Commodities (not incidental to BOS); Contracts can be FFP, CPFF, CPAF, CPIF
 - Task Orders are typically Firm-Fixed Price with some Cost Plus Fixed Fee
- GCSMAC focus is on short term / transitional BOS work; Contracts can be cost plus and Fixed Price Variations
 - NAVFAC Pacific tends toward CPAF task orders
- GCCMAC usually supports storm/disaster recovery at Navy and Marine Corp bases or urgently needed MILCON projects ; task orders can be FFP or CPAF
 - NAVFAC Atlantic tends toward FFP task orders

All Things IT & Cyber

IT/Cyber Highlights

- **Cybersecurity Maturity Model Certification (CMMC)**

- Cybersecurity Maturity Model Certification (CMMC) program is aligned to DoD's information security requirements for DIB partners. It is designed to enforce protection of sensitive unclassified information that is shared by the Department with its contractors and subcontractors.
 - Tiered Model: CMMC requires that companies entrusted with national security information implement cybersecurity standards at progressively advanced levels, depending on the type and sensitivity of the information. The program also sets forward the process for requiring protection of information that is flowed down to subcontractors.
 - Assessment Requirement: CMMC assessments allow the Department to verify the implementation of clear cybersecurity standards.
 - Implementation through Contracts: Once CMMC is fully implemented, certain DoD contractors that handle sensitive unclassified DoD information will be required to achieve a particular CMMC level as a condition of contract award.

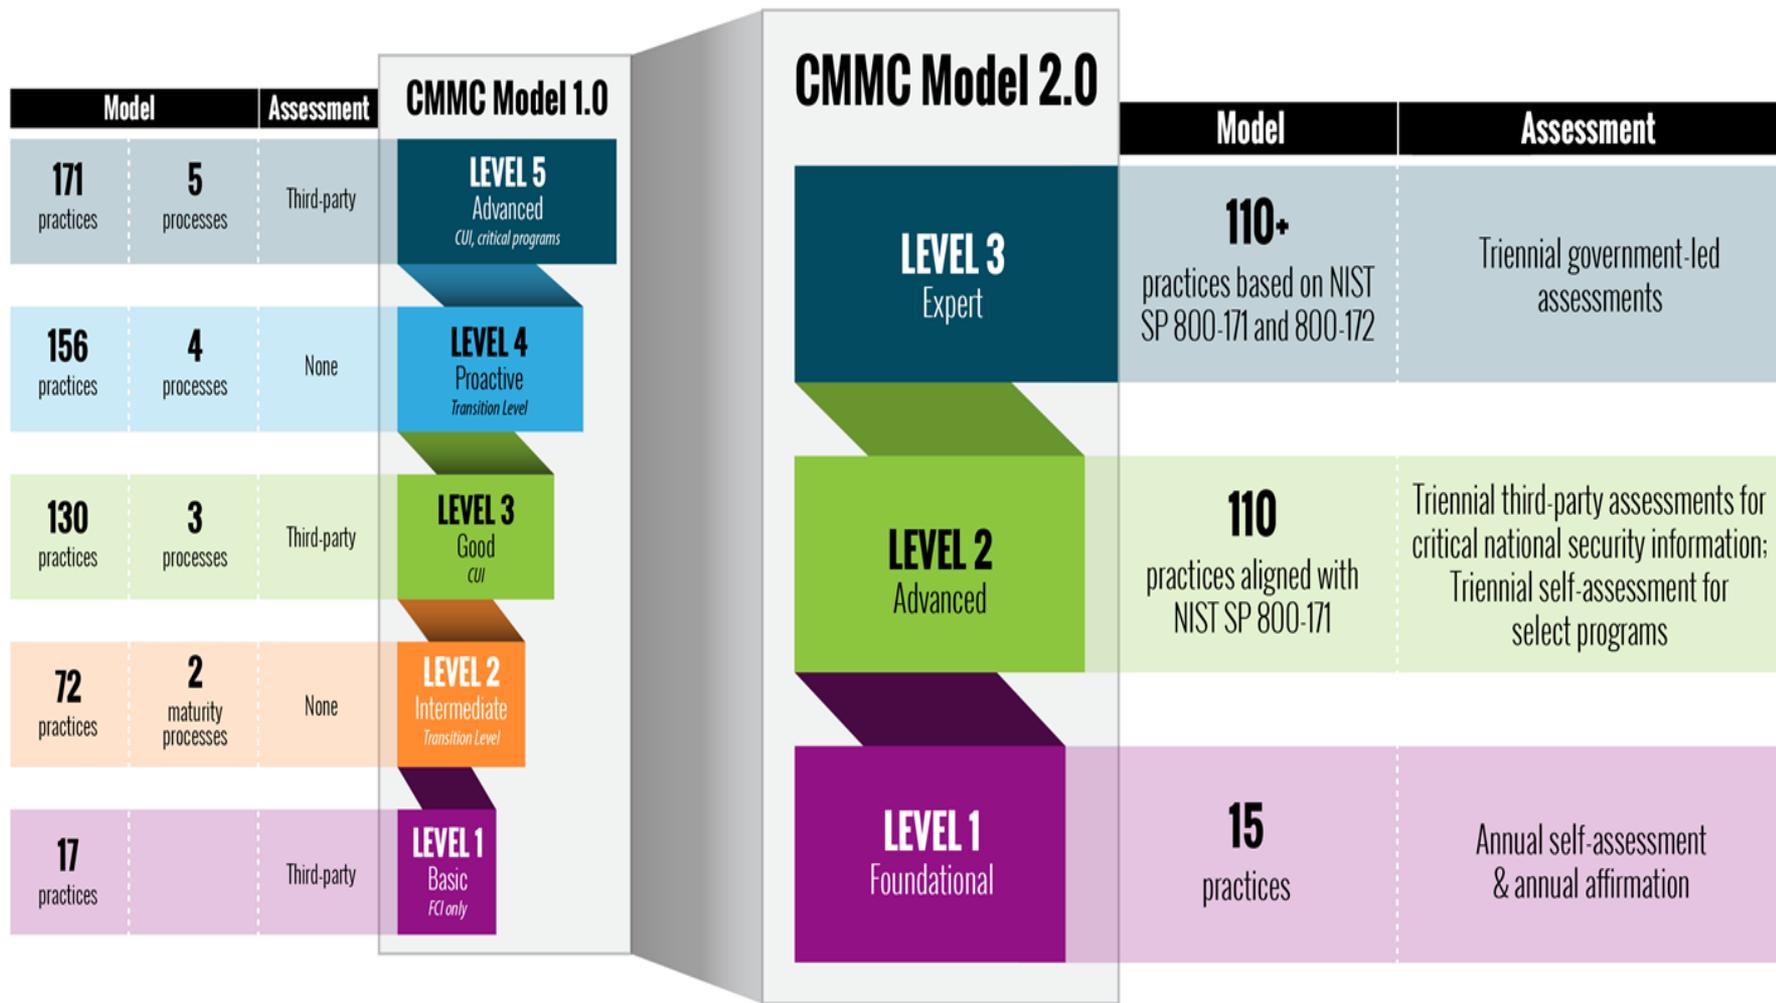

- **RMF/NIST Control Requirements for Contracts**

- Identifying a subset of the controls needed for the RMF process

- **Defining Cybersecurity Contract Language**

- Providing detailed Cybersecurity verbiage for contracts

The CMMC 1.0 vs 2.0 Model

Model 2 simplifies the CMMC standard for companies, while safeguarding critical Department of Defense information

What is the difference between NIST SP 800-171 compliance and CMMC?

CMMC – is **designed to enforce** protection of sensitive unclassified information that is shared by the Department of Defense with its contractors and subcontractors. Requirements are based on NIST SP 800-171 guidelines.

NIST SP 800-171 - provides recommended security requirements for protecting the confidentiality of sensitive unclassified information residing in a nonfederal system and organization.

The major differences between these are:

- CMMC compliance does **not** necessarily mean NIST SP 800-171 compliance
- CMMC Level 1 is the lowest level of certification
- CMMC Level 2 & 3 requires application of NIST SP800-171 and associated NIST SP800-172 controls

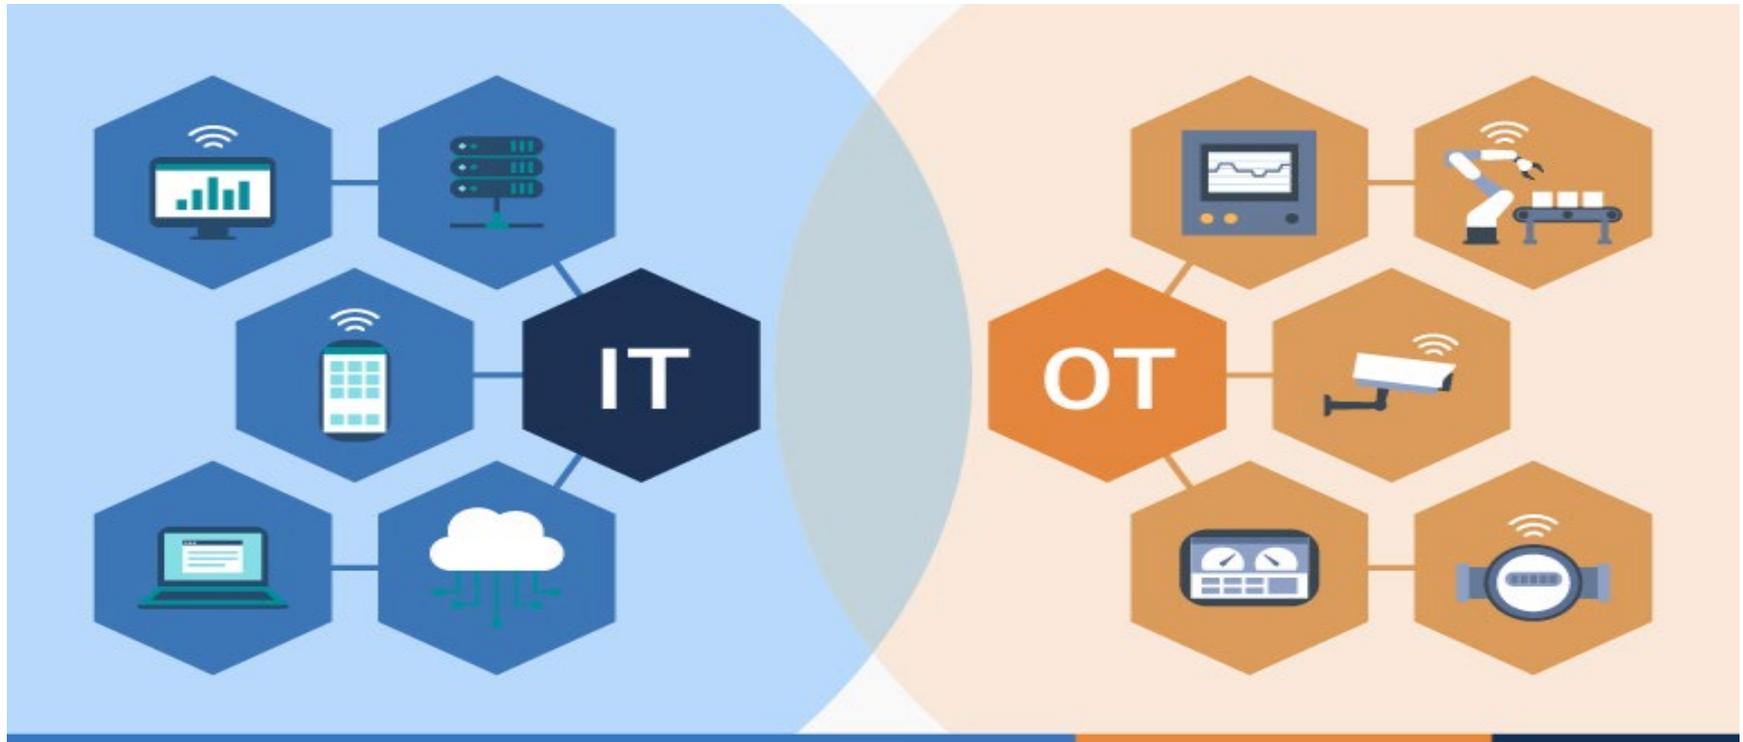

CMMC 2.0 LEVEL	CONTROL COUNT	CERTIFICATION PATH
LEVEL 3 <i>EXPERT</i> "SPECIAL CUI"	≤ 206 CONTROLS <i>110 CUI + 61 NFO controls from NIST SP 800-171 & ≤ 35 controls from NIST SP 800-172</i>	HIGH PRIORITY ACQUISITIONS: DoD-staffed (DIBCAC) assessment every 3 years
LEVEL 2 <i>ADVANCED</i> "REGULAR CUI"	171 CONTROLS <i>110 CUI + 61 NFO controls from NIST SP 800-171</i>	PRIORITIZED ACQUISITIONS: CMMC-AB approved C3PAO assessment every 3 years
		NON-PRIORITIZED ACQUISITIONS: Annual self-assessment (OSC conducted)
LEVEL 1 <i>FOUNDATIONAL</i> FCI	17 CONTROLS <i>based on 15 basic cybersecurity controls from FAR 52.204-21</i>	ANNUAL SELF-ASSESSMENT

CMMC FAQs

What is the relationship between National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171 and CMMC?

Compliance with NIST standards are levied as contractual requirements via inclusion of clauses such as FAR 52.204-21 and DFARS 252.204-7012. The relationship between CMMC and the NIST standards is that CMMC requirements will result in a contractor self-assessment, or a third-party assessment, to determine whether the applicable NIST standard (as identified by the DFARS clause) has been met. The FAR clause states the basic safeguarding requirements for CMMC Level 1 compliance. Under CMMC 2.0, a Level 2 assessment will be conducted against the NIST SP 800-171 standard and a Level 3 assessment will be based on a subset of NIST SP 800-172 requirements.

Will prime contractors and subcontractors be required to maintain the same CMMC level?

If contractors and subcontractors are handling the same type of FCI and CUI, then the same CMMC level will apply. In cases where the prime only flows down select information, a lower CMMC level may apply to the subcontractor.

Would it be safe to say that customer data is CUI and administrative data is FCI?

The definition of FCI is in FAR 52.204-21 and CUI in 32 CFR Part 2002, respectively. The DoD CUI Quick Reference Guide, located at <https://www.dodcui.mil>, includes information on CUI. In addition, the Defense Counterintelligence and Security Agency (DCSA) provides answers to Frequently Asked Questions at: <https://www.dcsa.mil/Portals/91/Documents/CTP/CUI/21-10-13%20CUI%20FAQ%20FINAL.pdf>. These FAQs describe the difference between FCI and CUI as follows: “Both CUI and FCI include information created or collected by or for the Government, as well as information received from the Government. However, while FCI is any information that is ‘not intended for public release,’ CUI is information that requires safeguarding and may also be subject to dissemination controls.”

Details on the Actions In Support of the NAVFAC STRATCOM

NAVFAC SYSCOM STRATCOM

(1 of 3)

LOE #1: Sharpen NAVFAC's Focus on Construction, Engineering, and Contracting

Task 1: Construction – Improve Cost, Schedule, Quality

- Establish a unified enterprise structure with streamlined processes and leadership accountable to project delivery and accountability. The NAVFAC Construction Program Management Office will manage cost, scope and schedule for Military Construction and the Navy's centrally managed sustainment, restoration, and modernization projects.
 - Accelerate project delivery through process and policy that favor Design-Build methods delivered from centers of excellence.

Task 2: Engineering – Deliver Technical Excellence Through our SYSCOM Authorities

- Establish an independent Chief Engineer – separate from program execution responsibilities – to provide rigorous technical oversight of all technical warrants and ensure adherence to Department of Navy engineering standards.
- Establish a global Center of Excellence to advance Expeditionary Engineering, Construction and Security Cooperation capabilities

Task 3: Contracting – Improve Agility Through Common Standards

- Establish a comprehensive suite of standardized, enterprise acquisition tools to enhance responsiveness in both competition and conflict.
- Establish a Center of Excellence with centralized accountability for Base Operating Support acquisition.

NAVFAC SYSCOM STRATCOM

(2 of 3)

LOE #2: Drive NAVFAC toward a lean, accountable, and integrated organization

Task 1: Transfer Operational-Level Maintenance to Navy Installation Commanding Officers

- Complete Phase 1 of the Navy's Shore Command and Control (Shore C2) Phase 1 by the end of 2025 by transferring facilities requirements generation and management and environmental compliance and conservation to the installation commanding officer.
- Continue Shore C2 realignment with collaboration and unity across the Navy Shore Enterprise to ensure installation commanding officers are accountable for installation-level maintenance and public works operations on their base.

Task 2: Simplify Command Structure to Focus Mission Execution

- Realign NAVFAC organizations to reinforce the SYSCOM's engineering and acquisition-centered identity, ensuring each organization in the enterprise has specific, measurable value to warfighter mission outcomes.
- Streamline enterprise functions - including assessments, inspections, certifications, and specialty competencies - under a unified delivery model led and operated from the Warfare Center.

Task 3: Align Our Workforce to Operational and Fiscal Imperatives

- Refocus the civilian workforce mission of construction value stream to inherently governmental functions, while maintaining professional standards, competencies, and capabilities of the workforce.
- Centralize or de-scope administrative and support functions to standardize service delivery, increase enterprise efficiency and reinforce accountability.

NAVFAC SYSCOM STRATCOM

(3 of 3)

LOE #3: Recruit, develop, and retain a NAVFAC workforce that drives readiness and deterrence

Task 1: Recruit and Retain the Skills Necessary to Perform our Mission

- Establish a Talent Acquisition Center of Excellence to proactively identify, attract and retain enterprise-wide critical skills needed for mission success.
- Implement targeted recruiting and retention strategies to foster an engaged workforce and ensure long-term alignment between workforce capabilities and mission readiness.

Task 2: Drive Performance Through Training, Development and Certifications

- Develop, publish, train and measure enterprise standards for mission-critical skills by setting standards for proficiency, technical certifications and mission readiness.
- Develop core technical and leadership competency levels to enable high performing and agile workforce ready to pivot to meet Department of the Navy and Department of Defense emergent requirements.
