Planning, Design & Construction

10 - 10:50 AM Room 1027 eCMS

This is a presentation and discussion on Electronic Contract Management System (eCMS), our NAVFAC web-based, enterprise project collaboration tool. Topics will include a walk-through of the system and discussion on use on projects.

11 - 11:50 AM Room 1027 ECI

Early Contractor Involvement Early Contractor Involvement (ECI) is a new opportunity for NAVFAC to engage construction contractors early in the design process to provide constructability, scheduling, and cost input. This session is a brief overview of NAVFAC's ECI process and an opportunity for Q&A and industry feedback.

1:10 - 1:40 PM Room 1027 Fast Start

How to Have a Fast Start This is a presentation, discussion, and question and answer session on getting off to a good start – leading to successful completion – on construction projects, including project kickoff, submittal submission, and collaboration.

3:30 - 4 PM Room 1027 Fire Protection

This session will focus on fire protection quality control (QC) and will discuss NAVFAC requirements for Contractor QC as well as the process of ensuring that fire protection work is complete and ready for final inspection by NAVFAC.

4:10 - 4:30 PM Room 1027 Follow on Conversations Question and answer period between Planning, Design & Construction Business Line leaders and industry professionals
